‘The Library of the South Australian Literary and Scientific Association: a combined short-title list arranged by contributor’ by Dr Michael R Talbot

This list appeared as an appendix to a research paper in *Academic and Research Libraries* (AARL) volume 39 number 4 pages December 2008 and is reproduced here with kind permission of Michael Talbot.

**Sources:** This list is compiled from the:
- Minute Book of the South Australian Literary [and Scientific] Association 1834-35 (State Records of South Australia GRG 44/83), hereafter Minutes.
- Proceedings of the South Australian Conversazione Club and of the officers of the colony (1835-1836), Public Record Office London CO 386/141 (AJCP reel 310, duplicated on reel 987), hereafter CO 386/141.
- Papers (1835-1872) of Richard Gilbert Symonds (1810-1896), hereafter PRG 268. In addition to the ‘List of Books presented to the South Austn Lity and Scientific Association in 1835-36’ Symonds’ papers contain a similar list of ‘Books on hand. Madeira Decr. 1834’. When the Madeira list adds variant information about an item, this is noted.

**Arrangement:** The list is arranged alphabetically by contributor and then by the order in the original listing of their contributions. Where there are multiple sources I have used as the main list the Laws of the South Australian Literary and Scientific Association, which is arranged more or less alphabetically. Items reproduced from the above sources are shown in their original short author/title form, however format and volume details have been standardised throughout. The expanded title lists for volumes in ‘Cumberland’s British Drama. 14 vols. 12mo.’, ‘Shakespeare’s Plays (Stevens [sic] Edition). 10 vols. 8vo.’ and ‘Constables Miscellany’ are constructed from union catalogues. In keeping with the author/title nature of the list, I have omitted publication details. Titles are shown in italics. Only eighty volumes of ‘Constables Miscellany’ were given to the association. As it is not known which two items were missing from this gift, I have shown entries covering all eighty-two volumes.
